# Important note

## WORKING ON-CAMPUS WITH AN F-1 VISA

- During the **college/university** term, you would be restricted to only 20 hours per week.
- Will be allowed full-time on campus, leading to 40 hours of work per week, during holidays and vacations.

# WHERE TO FIND PART TIME JOBS IN U.S. FOR INTERNATIONAL STUDENTS?

---

- **Typical university offices/ Student Union/ Career Services:** Most of the time this is where you would find help.
- **Online portals:** If you are not able to find jobs offline, one of the effective ways to find part-time job options is through online portals like LinkedIn, Glassdoor and many more.

# OFF-CAMPUS PART TIME JOBS IN U.S. FOR INTERNATIONAL STUDENTS

---

- Customer Support Representative
- Store Associate
- Translator
- Tour Guide
- Babysitter
- Any many more

\*you will receive money just like on campus, but everything is decided by the person who pays for the services\*

# PROFESSIONAL WAYS TO MAKE MONEY

---

- This is for you if you have completed your first academic year in the US and have a valid F-1 visa. Under this, you can explore three options including:
    - **Optional Practical Training (OPT)**
    - **Science, Technology, Engineering, and Mathematics (STEM)**
    - **Curricular Practical Training (CPT)**
- \*you will get twice as much money from these programs, but you need to find a company on your own that is willing to hire you\*

# CONCLUSION

---

My opinion, it is better to try to find a job on-campus than off-campus because it is a good experience for your future profession.
