

Canada

the best place to study

About Canada

Canada is the second largest country in the world after Russia. The country is located in North America, north of the USA. Canada is famous for its natural beauty. And has more lakes than all the other countries in the world combined. Beautiful nature attracts travelers, because 1\10 parts of the country is pure nature that everyone likes so much. Also, the weather in Canada is all different, where there is a round summer, and where there is winter with fall and spring. And an interesting fact is that the beaver is the national symbol of Canada.

ADVANTAGES OF ENROLLING IN CANADA

1. Availability

Although the prices look scary, but compared to the States or England, it will be 2-3 times cheaper in Canada.

2. Reputation.

In Canada, the education system is considered one of the best in the world. And your diploma will be appreciated everywhere.

3. Immigration.

If you want to stay there after studying in Canada. Then a Canadian education will help you to immigrate 100%.

dreamstime.

Studying in Canada opens up new prospects for employment, career growth and can be an important step in obtaining Canadian citizenship.

At the moment, about 300,000 international students are already studying in Canada, and the Canadian Government clearly expresses its interest in increasing this number. Foreign graduates are the best candidates for immigration, because they speak English and French well, they are competitive in the Canadian labor market and, finally, they do not need time to adapt to life in Canada and to Canadian culture! Studying in Canada opens up truly new opportunities for life and immigration!

DISADVANTAGES OF STUDYING IN CANADA

1. High cost

Bachelor's degree programs in Canada cost \$9000-20,000 CAD per year, and can cost up to \$38,000CAD per year. Inability to retake exams

2. The educational system in Canada **does not provide** for the transfer of a subject if a student receives an unsatisfactory grade.

3. Climate

In Canada, the climatic conditions are quite severe, the January air temperature can drop to -26 degrees. But although we are used to it, but who wants to live in eternal warmth, it is worth looking for universities in specific states.

4. Rental housing and educational materials

Additional expenses for international students are rental housing, about \$ 1000 CAD per year will be required for textbooks, teaching materials.

TATIANA SUMINA ABOUT HER STUDIES AT THOMPSON RIVERS UNIVERSITY:

«Student life in Canada is very busy! Specifically, TRU, where I study, offers a huge number of trips, entertainment for students. All teachers are focused on students' academic performance, they approach their work very responsibly. Studying in Canada, in my opinion, is very practical, teachers communicate a lot with students, analyzing real situations, which in the future will help students to adapt more easily when applying to a company. This approach arouses great interest among students and helps to better assimilation of educational

SIMON FRASER UNIVERSITY STUDENT NIKITA SMIRNOV ABOUT HIS STUDIES IN CANADA AND INTERNSHIP:

«I myself am a graduate of Fraser International College and a fourth-year student of the SFU Business Faculty. At the moment, I am going through my first semester of internship as an International Marketing Officer. I work in the same team with professionals in my field in the Moscow office of Novita. Every day I learn something new and gain experience and skills that I am sure will be very useful to me in my future professional career. Simon Fraser University has given me the required theoretical knowledge to succeed in life, Co-Op gives me irreplaceable practical knowledge. I believe that every student should go through this unforgettable experience, regardless of his specialty and faculty!»
